TEKRA INTRODUCES 3M™ VHB™ RP BONDING TAPE

New Berlin WI - Tekra Corporation, a 3M Preferred Converter, announces the addition of 3M™ VHB™ RP Bonding Tapes to their extensive distribution line of 3M products.

As the proven alternative to screws, rivets and welds, 3M™ VHB™ RP Bonding Tapes provide a virtually indestructible bond by spreading the stress load across seamless joined surfaces free of metal closures and screws. According to Julie Levins, Market Development Manager for Tekra, "3M™ VHB™ RP Bonding Tapes provide a number of benefits including instant bonding, shock absorption, stress distribution, expansion and contraction, waterproofing, and conformability. It has exceptional performance on glass, composites, sealed wood, painted surfaces, and many plastics."

3M™ VHB™ RP Bonding Tapes are available in 5 different gauge options - RP16, RP25, RP32, RP45, and RP62 - all at the same price.

3M™ VHB™ RP Bonding Tapes - the right product, the right performance, now at the right price.

For free test samples via the web, go to <http://www.tekra.com/content/request-a-sample> or call Tekra at (800) 491-9578. For more information on these or other Tekra products, visit Tekra at www.tekra.com.

Tekra Corporation has provided plastic film and adhesive solutions to the printing industry for over 30 years and to the digital films industry for over 10 years. Tekra offers proprietary coating technologies, converting services, and, through special supplier relationships, a full line of plastic substrates. Tekra is the North American authorized distributor and exclusive distributor to the North American medical diagnostic market for Dupont Teijin Films™, the authorized distributor for the polycarbonate film products of SABIC Innovative Plastics in the United States and Canada, and an Authorized Converter and Distributor for 3M adhesives.
