## Tekra Adds to Actively Stocked LEXAN™ Polycarbonate Sheets

New Berlin WI - Tekra, A Division of EIS, Inc. has added four new [LEXAN™ polycarbonate films](#) to their sheeted stock list.

“In an effort to eliminate converting lead times on specific LEXAN™ sheets, Tekra has decided to increase the amount of films that are stocked and ready to ship,” states Veronica Chandre, Market Development Manager for Polycarbonate Films. While we will continue to actively stock these materials in roll form; Tekra will now be keeping sheeted material on hand so that it can be shipped out within 1 business day of order. “An additional benefit in stocking pre-sheeted LEXAN™ is that it allows for smaller minimum orders for the customer,” continues Chandre.

Tekra’s newly stocked items are as follows:

- .007” [8010](#) 24” x 36”
- .010” [HP92W](#) 48” x 24”
- .015” [HP92S](#) 48” x 24”
- .015” [HP12W](#) 48” x 24”

For more information on our current LEXAN™ stock list please contact your Tekra sales representative at 1-800-448-3572.

*Tekra, A Division of EIS, Inc. has provided plastic film and adhesive solutions to the printing industry for over 40 years and to the digital films industry for nearly 20 years. Tekra offers proprietary coating technologies, converting services, and, through special supplier relationships, a full line of plastic substrates. Tekra is the North American authorized distributor and exclusive distributor to the North American medical diagnostic market for DuPont Teijin Films™, the authorized distributor for the polycarbonate film products of SABIC Innovative Plastics in the United States and Canada, and a Master Converter for 3M™ Adhesives.*
