

## Dura-Go® Polycarbonate

Various finishes for a versatile product

### VERSATILE FILM WITH OPTICAL PROPERTIES SHINES IN TEKRA'S DURA-GO® LINE...

For jobs that require a little more protection and better aesthetics, Tekra's Dura-Go® Polycarbonate line is where you will find it. This film comes in many finishes and thicknesses allowing for the right material and look for any application, while offering versatile properties to allow it to withstand the test of time. Reverse print this material to eliminate or reduce the need for post-process sealing or lamination, and you've created an economical product for anything from durable labels to backlit signage with a brilliant print and superior ink anchorage.
