LEXAN™ EFR735-BK1005 is a black flame retardant one side matte, one side velvet textured polycarbonate. This film is halogen-free which offers a UL 94 VTM-0 performance and is recommended for a wide range of applications including power supply insulation, disc drive insulation, bus-bar insulation, etc.

Features:

- Non-halogenated
- Outstanding dielectric strength
- Excellent temperature performance
- Ease of fabrication
- Thermoformable
- Embossable
- Clean-edge die cuttable
- Able to be scored and bent

Applications:

- EMI shielding
- Die cut insulators and spacers
- Printed circuit boards
- Battery packs

LEXAN™ EFR735-BK1005 can be converted at Tekra and supplied in either roll or sheet form. Call us today to receive a quote or free samples.
