LEXAN™ FR60 is a clear polish/polish flame retardant polycarbonate. FR60 is easily able to be die cut, folded and bent. This material is used in applications that encounter higher temperatures such as the ones listed below.

Features:

- Good dimensional stability at high temperatures
- UL 94 V-0 flame rating
- Excellent mechanical properties
- Thermoformable
- Embossable
- Hydroformable

Applications:

- Electronics
- Printed circuit board insulation
- Transportation

LEXAN™ FR60 can be converted at Tekra and supplied in either roll or sheet form.
