LEXAN™ FR83 is a clear flame retardant polycarbonate one side matte, one side polish. FR83 is easily able to be die cut, folded and bent. This material is used in applications that encounter higher temperatures such as the ones listed below.

Features:

- Good dimensional stability at high temperatures
- UL 94 V-0 flame rating
- Excellent mechanical properties
- Thermoformable
- Embossable
- Hydroformable

Applications:

- Electronics
- Printed circuit board insulation
- Transportation

LEXAN™ FR83 can be converted at Tekra and supplied in either roll or sheet form.
