

JetView™ UV

JetView™ Marnot HS Polyester for UV Inkjet

PROTECT YOUR GRAPHICS WITH TEKRA'S JETVIEW™ UV HARDCOATED POLYESTER...

In applications where extra durability is needed, JetView™ UV Marnot XL HS PET is the material you are looking for. With Tekra's proprietary hard coating on one side and print receptivity on the other, this film offers vibrancy with scratch and chemical resistance.

Tekra's JetView™ UV Marnot XL HS PET is coated on a clear heat stabilized (HS) polyester for extra stability when digitally printing and is recommended for reverse print applications.
